TURMOIL AHEAD IF RAILROADS WIN

F. P. Walsh Issues Warning In Urging Restraining Executives

CLAIM AIMED AT LABOR

Ask That Objections to Agreement be Thrown Out of Court—Says Agreement at End—Adjourn Till Monday

Chicago, Feb. 18.—Frank P. Walsh, speaking for the railroad employes before the Railroad Labor Board yesterday, issued "a solemn warning to this country and to this board," in the climax of a speech in which he declared that if railway executives were not restrained "this board will be destroyed and we shall have endless turmoil and instability in the railroad industry.

"We are constrained to ask that this board require the carriers to comply with the letter and the spirit of the provisions of the law under which we are endeavoring to function as public servants," Mr. Walsh said. "Failing in that it shall be our earnest effort to inform the public and Congress as to the real situation in this controversy to the particular end that Congress shall not enact into law the pending measures for the financial relief of the railroads

"At this moment the carriers of the country are attempting to dip their hands into the United States Treasury and extract the enormous sum of $750,000,000, which is only their initial effort.

"It is our intention that the merits of these colossal drafts on the revenue of the country should not even be considered by the national lawmakers so long as the carriers refuse to come before this board with clean hands and demonstrate to the public that they will honestly comply with the law."

The argument marked labor's supreme effort before the Railroad Labor Board to check the railway executives' drive against national agreements.

This drive, B M. Jewell, chairman of the employes' committee, declared was intended to obscure the fundamental issues at stake, which, the employes have declared, were the open shop movement and an attempt to crush organized labor.

Mr. Jewell requested the board to allow the employes until March 14 to complete their rebuttal to the objections to national agreements made by the railroads. He also proposed that the whole case be thrown out of court and the points taken up in conference between the carriers and employes.

Protest immediately was entered by E. T. Whiter, of the carriers' committee, against delay and to any proposals of further conferences. He declared that the question the board now faced was merely whether these agreements should be continued.

Correspondence with the railway executives was read by Mr. Jewell in an effort to show that conferences had been proposed prior to the filing of the dispute over the rules before the board.

Mr. Whiter, however, replied that when the railroads were returned to private control March 1, 1920, he considered the national agreements terminated. He also maintained that the intent of the Transportation act was to allow each carrier to negotiate with its own employes.

The hearing adjourned until Monday. Meanwhile executives of the railroads will gather here tomorrow

WESTERN MARYLAND MAY EXTEND HERE

Report Received With Considerable Gratification By Business Interests

CONNECT WITH W. O. D.

Would Join W. O. D. at Bluemont—Entrance of Road Would be a Big Thing For Commercial Interests

News received in this city today is to the effect that the Western Maryland Railroad is considering extending its trackage as far south as this city, connecting with the line of the Washington and Old Dominion Railroad near Bluemont, Loudoun county, and using the tracks of the latter company has just been announced by an official of the Western Maryland.

Application for the proposed extension has not yet been made to the Interstate Commerce Commission and is as yet only in its tentative stage it is stated.

It is stated that the proposed new extension would probably connect through Frederick across to a bridge over the Potomac with the western limit of the Washington and Old Dominion Railroad at or near Bluemont.

The report that the Western Maryland proposes to come into Alexandria has been in circulation for some time past and those in a position to know assert that the report is absolutely correct and it will mean a big thing for Alexandria if it is accomplished.

It would mean the opening up of the coal field of West Virginia to this city, cheap coal here which would result in a big shipping trade and also be a big inducement for manufacturers to locate in Alexandria. All manufacturing industries seek fields where they can obtain cheap coal.

MOORE'S SLAYER TO PAY DEATH PENALTY

(Special to The Gazette)

Richmond, Va., Feb. 18.—William H. Turner, Washington negro convicted of murdering T. Morgan Moore, of Alexandria must die in the electric chair at the Virginia State Penitentiary, the United States Circuit Court of Appeals decided today in an opinion handed down. Affirming the verdict of the District Court at Richmond. The court decided that reference to Turner's attempted assault on Miss Pearl Clark, Moore's companion at the time of the killing subsequent to the shooting on which Turner's attorneys based their appeal did not effect the continuity of the evidence nor influence the verdict of the jury, Turner will be resentenced by Judge Waddill after March twentieth.

The murder of Moore occurred May 23, 1920, at the south end of the approach to the highway bridge. Turner was captured the same day, the murder having occurred early in the morning.

Subsequently the case was taken to the U. S. Court of Appeals asking for a new trial.

At the time of the murder Moore was in the automobile with Miss Pearl Clark of Washington to whom he was engaged to be married. Turner also attacked Miss Moore.

FORM TROOP OF BOY PIONEERS

Sixteen Lads Organize at Parish Hall of St. Paul's Church

UNDER DIRECTION OF Y

To Form Troop at M. E. Church South and It Is Expected Others Will Organize

The Christian Citizenship Training Program for boys has been launched in Alexandria by the Y. M. C. A. Last night at the Parish Hall of St Paul's Church, Secretary Wallace of the "Y" organized the first troop of Pioneers which is composed of boys twelve years old from the Sunday School. Sixteen boys were admitted to the troop last night and the list will be closed for the present.

The Christian Citizenship Training Program for boys is a program the Y. M. C. A. has developed after over twenty-five years experiences in boys' work and is believed to be the most comprehensive program for boys ever outlined by any organization The program provides for the training of boys from twelve to eighteen years old and consists of two main divisions, "Pioneers" for the youngsters, twelve thirten and fourteen; and "Comrades" for those from fifteen to eighteen.

The program provides for training in intellectual work, physical work, devotional work, service and economies and the boys will be "charted" and developed symmetrically through out. The first boy to be charted in the city was Robert Cochran, twelve years old, son of Dr. T. B. Cochran. In the intellectual training program, out of a possible 1000 he scored 765; in the physical training program, 595; devotional, 900; service, 715. Mr. Wallace and Milton Stonnell did the charting.

The new troop is to be known as "St. Paul's Troop of Pioneers, No. 1," and for the present Mr. Wallace will be the leader. Mr. Stonnell will soon organize a troop at the M. E. Church, South, and doubtless other troops will be organized throughout the Sunday Schools of the city. The St Paul's troop will meet each Wednesday evening at the parish hall of St. Paul's Church, and Mr. Wallace will begin a course in physical training next week for the boys as the first boy charted showed the greatest deficiency in his physical examination and he considers that the most essential need just now since there is no physical training in the schools of the city.

The boys of the troop set July 7 as the date for the "Pioneer Camp" and decided to begin a camp savings fund at once so that the money would all be in hand when the camp date arrives. The camp may include boys from more than one troop but will be limited to 35 boys. The camp will be for ten days and will be located on the farm of David N. Rust, Jr., near Leesburg, and will be known as "Camp Rust." Before the camp date, hikes and over night tramps will prepare the boys for their out of doors life.

Charter members of the first troop as Pioneers are John Posey, Courtland Peyton, Elsie Morris, Alton Peregoy, Alvin McKenney, Charles Robey, William Fennell, John Quayle, Carlos McCullough, Jack McCullough, (mascot), Donald King, Robert Cochran, Julian Wood, Louis Hicks, Edward Scott, and Edward Bayliss.

Hinton Admits to Court That Farrell Struck Him

Rockaway, N. Y., Feb. 18.—A first-hand account of the altercation at Mattice, Ont., between two of the three naval officers who recently made a balloon flight into Canada was given before the naval court of inquiry, conducting its second investigation into the trip.

This incident—a fist fight between Lieutenants Stephen A. Farrell and Walter Hinton, growing out of the publication of letters sent to New York by Hinton—in which Farrell was alleged to have offered his body for food, was skimmed over at the first investigation. Today Lieutenant Hinton, after insisting that it would be "unfair" for him to report Lieutenant Farrell's remarks and actions, finally admitted that Farrell struck him "a glancing blow behind the left ear."

INDORSE SWEENEY TO HEAD SCHOOLS

Recommended by City School Board For Re-Election by State Board

TO BOOST SALARIES

Board Urges That Increase of $10 a Month in Salaries of All Teachers —Now up to City Council.

The school board at its meeting last night indorsed Capt. W. H. Sweeney for re-election as superintendent of the public schools of the city. Capt. Sweeney for the past twelve consecutive years has been superintendent of schools and has made a most faithful, and efficient superintendent, his record being excellent in educational work and under his direction great progress has been made in the public school system of Alexandria.

It is expected that the state board of education will re-elect him at its next meeting.

An increase of $10 a month in the salaries of every teacher in the public schools also was recommended by the board. This matter will come before city council at its next meeting and it is expected that after being referred to a committee it will be presented and unanimously adopted by council. The increase will total about $3200 a year in the pay of public school teachers.

News that the board recommended an increase in the salaries of the teachers was received with gratification by the members of the faculty and their many friends.

Form Ad Men's Club

C. B. Swan Chosen President—All Who Advertise Eligible to Membership

Alexandria now has an Advertising Men's Club.

The club was formed at a meeting of a number of the leading merchants of the city last evening and officers to have charge of the activities of the club were named for the coming year

The purpose of the club, as outlined at the session last evening is to promote better advertising, to inject the spirit of truth into all advertisements and to better merchandising conditions in every way possible.

At the present time there are no dues or initiation fees connected with the club and any person buying or selling advertising, any ad writer or any merchant who purchases advertising space is eligible to membership in the club and every merchant in the city who has the interests of his store or business at heart is urged to become affiliated.

The movement now on foot is to work in cooperation with the Advertising Club of Washington and steps toward this will probably be taken in the near future.

The officers elected at last evening's meting are: President, Charles B. Swan; first vice-president, E. Gorman Ridgely; secretary, Charles R. Morison; by-laws, Julius Wolf.

The next meeting of the organization will be held at the Chamber of Commerce rooms in March, the date to be announced later.

TO FIGHT HARDING OVER DISARMAMENT

Borah Declares He Will Not Surrender Judgement to That of White House

NAVY HOLIDAY PLAN

Attack on Proposition Made by McCormick—Miller in House, Warns That Japan is Preparing for War.

Washington, Feb. 18.—Disarmament was to the fore in both houses of Congress yesterday, while warnings of possible war in the near future were given and intimations of serious disagreements on the subject in the Republican party in the future were made.

The developments were

Senator Borah, of Idaho, author of the six month naval holiday plan, served emphatic notice that he would not surrender his judgment on the subject to that of President-elect Harding during the next four years.

Senator McCormick, of Illinois, who recently returned from a conference with the President-elect, charged that the naval holiday plan would "disarm" Mr. Harding in arranging for a general conference on disarmament and intimated that the iooming executive did not wish any action taken that would curtail naval building.

In the House Representative Miller, of Washington, charged that Japan's refusal to make any move toward disarmament until she had completed her naval building program meant she was preparing for war, which could only be prevented by "cool-headed statesmen and diplomats displacing the demagogue, jingoes and junkers that now appear to have the public ear and eye."

Disclaiming a desire to embarrass Mr. Harding, Senator Borah, declared.

"We have heard much criticism in the last few years of waiting for a nod from the White House. Congress has been accused of abdicating not only its judgment but its functions. Let me say here, without disrespect to the President-elect, that I shall not abdicate my judgment any more during the next four years than I have during the last eight."

Declaring that proposed appropriations for the army and navy bordered "on madness," Senator Borah demanded that the Republican leaders submit more definite program looking to their reduction. He said the Government was confronted by a deficit this year of $2,000,000,000 and declared this amounted to "a greater menace than anything the United States faced during the war."

"Taxes and appropriations, appropriations and taxes! Have we lost our cunning for other measures?" he demanded. "I say taxes and appropriations will not carry you, my Republican friends, out of this condition. There must be a program somewhere. I have had the temerity to submit two proposals, and nowhere have they met with favor.

"Very well, I do not complain. I will fall in with anything. But what is the program? I ask for something. I have ceased to be patient with the whispering from the galleries into this Senate: 'Wait for President Harding.' Something must be done."

Taking up the gage thrown down by the Idaho Senator, Mr. McCormick attacked the suggestions of Senator Borah for disarmament conferences between the United States, Great Britain and Japan and for the suspension of the American naval building program.

"The Senator seeks," said Mr. McCormick, "to have America pause in her labors for her own defense; to substitute for tried and proven engines of war others of which the value is unknown, and to have the President invite other naval powers to a conference on disarmament after we have stopped arming, while Japan continues to do so, and while the British force is twice as powerful as the American."

Representative Miller was urging in a speech in the House the strengthening of Pacific Coast defenses, when he declared that "every day of the world we hear the rattle of the sabre from across the Pacific."

He added that if war should occur between the United States and Japan the latter would force it.

TO-DAY'S THOUGHT.

Some might consider him as too fond of fame; for the desire of glory clings even to the best men longer than any other passion.
Tacitus.

Divorce and the New Woman.

The attainment of Woman to all the civic privileges of Man has been an evolution through the Ages. It has been a goal towards which She has been blindly groping from the time when She was a mere beast of burden and child-bearer in pre-historic caves; through the race migrations of barbaric hordes when she was the tribal dish-washer, meat-preparer, and tent-striker; through the long centuries when she was the mere serf of the communal warriors; through the glamour of the feudal ages when she was set high on the false but alluring pedestals of chivalry, worshipped and beaten at the same time; down through history to our own day, when she has at last reached that sphere of equality which was the design of her Creator from time's first beginnings.

The 19th century was the period just before dawn During its significant cycle She was restless, dissatisfied, striving vaguely for her place in the sun, without quite understanding what and where it was. The equal of Man in most things, his superior in many, she felt that she was not as yet occupying the full orbit of her sphere. This led to an unhealthy state of mind which was depressing, and even, at times, disheartening.

She became introspective and morbid. She felt within her the stirrings of a new existence. Caprice and not reason ruled her actions. The ambitions, the desires, the cravings of her unsatisfied nature, led to a revolt against the conventions of life, and this is one of the reasons, perhaps the cardinal one, for the recent and current frequency of divorce. Introspection is one of the most dangerous habits into which one can fall. It exaggerates the importance of the ego. As we have said, the feudal ages placed Woman on a false pedestal. She had not quite recovered her normal position in the scheme of the social structure of human affairs in the 19th century. She was only arriving; the advent was not yet. But with the opening of the present era She has finally reached her goal. She is at last the equal of Man in all the relationships of life. The late world-strife was her opportunity to demonstrate her parity in even the cruel and bloody arena of war. Right nobly did she respond. Death, suffering, disease, and all the bloody train of carnage, she endured without flinching. The battlefield was shorn of half its terrors by her courageous ministrations.

Now, that the war is over, and the march of civilization has again begun, she has for the first time in history, taken her rightful place, as the social and civic equal of her former. lord and master. It will take time to fully readjust Herself. But that it will come is inevitable.

In the new life which has begun for Woman, we doubt not that divorce will grow less and less frequent. Marriage will be more deliberate; entered into with greater care and circumspection. She will more readily see that self is to be subordinate; that the family and the state are supreme. That she is even to offer herself upon the altar of sacrifice, if need be, that the divine and human institutions may be preserved in all their purity and vigor.

This is, indeed, a result that will affect the future destinies of the human race for its greater happiness and welfare. It will figure forever in the onward and upward progress of civilization.

Action of School Board.

We compliment the School Board on its action last night. We congratulate the citizens that they have a Board capable of so wise a deliberation. The salaries of our teachers were raised a flat advance of ten dollars per month. A much-needed measure and an act of simple justice.

We are also glad to see that Superintendent Sweeney was endorsed to succeed himself. Nothing could be more gratifying to the large majority of our people than to have it officially said to their school-administrator, "Well done, thou good and faithful servant." Mr. Sweeney has given the best years of his life to our schools. As we said in our editorial of recent date, The fruits of his labors and the results of his devotion speak in his praise.

Alexandria as a Movie Center.

If yesterday's news is correct Alexandria will soon have a moving picture studio as one of her suburban industries. Several comedies are under contract, according to the reports, comprising big features and probably employing multitudes of people. If one moving picture industry is established here why not more? We believe that a little missionary work along these lines would meet with success. We therefore put it up to our esteemed Chamber of Commerce, as a suggestion, that when this Movie Studio gets to going full blast, they advertise the advantages and the possibilities of Alexandria as a center for the industry.

SPORTS

When the toastmaster announces that everything is ready to begin the evening's festivities at the banquet to be given in honor of George Florian McBride the new manager of the Washington Baseball Club, at the Wardman Park Hotel, Washington, Thursday evening, February 24, there will be no dull moments, and the man who thinks he will be able to take a nap between speeches is liable to be disappointed. Brother "Bills," of the Benevolent and Protective Order of Elks, who will be performing at the various theaters in Washington next week, will attend the banquet to help and entertain the guests, and at the same time, extend their best wishes to the dandy captain, who is a member of the Milwaukee, Wis., Lodge of Elkes. Every man who is a member of the Elks should be proud of his connection with that great order, for the Brother Bills never shun a worthy brother, and, it is a fact, too, they never forget those who cross the "land of mystery" from which none return.

Commissioner J. Thilman Hendrick, chairman, honored Alexandria by naming Mayor James Duncan, former Mayor Thomas Fisher, and William H. P. Kelly, as members of the committee, and these gentlemen are sure to put our city on the big league base ball map by urging their friends to attend the "big feed," which will be an excellent time to have the name "Alexandria, Virginia," placed before readers in all sections of the country who will read telegraphic reports of the affair.

Those who expect to attend the banquet should not delay procuring their tickets, as only a specified number can be entertained at the hotel. The tickets are now on sale at Sualdinges Sporting Goods store, 613 14th street, northwest, at five dollars each.

Whitman Gets Threats; Given Armed Guard

New York, Feb. 18.—Accompanied by a bodyguard of armed detectives, following receipt of 15 letters threatening their lives, former Governor Whitman and his assistant, Frederick J. Groehl, are preparing to present to the grand jury more evidence relating to alleged graft in city departments.

Far from being near to an end the inquiry is only starting, Whitman declared.

Two more men were arrested yesterday, making nine in all, in connection with the murder of Frank Walsh, bootlegger and gang leader. The killing is linked with the Whitman inquiry, as Walsh was expected to testify before the grand jury. Those arrested were Louis Quinto and Harry Rutkin, both of Newark. They are held as material witnesses.

Quinto, the police say, was seen in Walsh's machine on the afternoon preceding the murder. They allege that it was either he or Rutkin who hired a taxicab and trailed LeoSalamandra's whisky truck to New Brunswick.

Crab Gumbo Soup
(From an old Creole Receipt)

Take half a pound of veal and cut in slices; or, half a chicken, cut into small pieces. Brown well. Let simmer on fire an hour and a half. Pick carefully a dozen crabs, keeping flesh only. Warm them in separate saucepan with spoonful of butter for few minutes. Pour in pot over veal or chicken. Add few small pieces of fried ham. Salt and pepper to taste. Take out all larger pieces of meat, so crabs will predominate. Should be of thick consistency when done. Serve hot, with dry rice in separate dish.

Month's Free Rent For First Baby in Apartments.

Pittsburgs, Feb. 18—The first baby born in the Cappalpa Apartments here will bring to its parents a month's free rent, according to announcement yesterday by J. L. McCaskey, owner of the apartments, a lecturer and a supporter of the Roosevelt antirace suicide view.

Mr. McCaskey has two sons and eight grandchildren. He says he cannot reconcile himself to the attitude of landlords who refuse to rent to families with children. He was formerly superintendent of schools in Waynesboro, Pa.

NEW YORKER KILLS DETECTIVE

Tragedy Follows Quarrel Over Adjustment of Auto Insurance

New York, Feb. 18.—Detective Joseph Bridgetts, attached to the Brooklyn Detective Bureau, was shot and killed and Edward J. McGlore, another detective, and George Horan, adjuster, for an insurance company, received bullet wounds yesterday when they called at the Brooklyn offices of a surgical instrument company to look into an insurance claim.

Chas. T. Davis, one of the owners of the company, is being held by the police.

Police said Davis recently lost an automobile through theft and that Detective Bridgetts recovered it for him. Later Davis sold the automobile, the police affirm, and entered a claim for insurance. The detectives and insurance adjuster went to Davis' office yesterday and while there, the police say, Davis seized a shotgun and fired at the men.

War on "Bootleg" Women by Kramer, Who Cites Exploits

Prohibition Commissioner Kramer is at war with women bootleggers.

"Women who violate the law may expect no leniency," said Kramer. He is prosecuting several in the bootleg traffic in Eastern cities. Women are more deft than men, he says.

Women are smuggling liquor across the Canadian border by concealing bottles in their clothing. In New Jersey they have been assisting in violations of the law and taking chances of getting shot by riding in automobiles which transport liquor on the theory that officials will not suspect automobiles in which women were riding.

"Women of the nation, instead of attempting to violate the prohibition laws, should assist in enforcement," said Kramar. "Women are the natural moral leaders of their communities." He has received reports from many cities showing women and young girls indulge as freely in intoxicants as male companions and that many are defendants in courts.

"It is up to parents to see to it that their daughters do not associate with men who violate the laws of the land," said Kramar. "The manufacture of home brew is the method by which most women violate the prohibition law."

Disinherited Window Fights Bequest to Rival for Husband

Atlantic City, Feb. 18.—Cut off with one dollar while practically the whole estate of her husband is bequeathed to the woman whom she named as co-respondent in a divorce action, Mrs. Louise L. Hess, of Arkansas and Atlantic avenues, has filed a caveat with Surrogate Albert T. Abbott protesting against admittance to probate of the second will of Harry E. Hess, a wealthy paint merchant.

Hess died in a Philadelphia institution last month.

It is alleged that Mrs. Hess and her husband had domestic difficulties and divorce proceedings were instituted several years ago, but later abandoned. In her answer to the charges of her husband, Mrs. Hess filed a counter petition alleging unfaithfulness on his part and naming Mrs. Marion Paule, whom Mrs. Hess says is the wife of a New York artist, as the co-respondent. The wife blamed Mrs. Paule for all her marital troubles and now ail her marital troubles and now also on her husband in order to get him to will his estate to her. In the last will Hess refers to Mrs. Paule as "his friend, Mattie M. Polochek, known as Marion M. Paule."

Mrs. Hess immediately following the death of her husband in January offered a will executed in 1904 in which Hess bequeathed his estate estimated to be worth $35,000 to her.

In the caveat, which has been filed by former Recorder Martin E. Keffer, as counsel for Mrs. Hess, it is alleged that Hess at the time he executed his second will favoring Mrs. Paule was "without testamentary capacity." The hearing will be before Judge Robert H. Ingersoll, of the Orphans' Court at a date yet to be determined.

The park, which is ten blocks from the center of the city, is ideally located for a playground, being on an elevation facing Moore's Creek and the beautiful Southwest range of mountains, ending in Monticello, the home of Jefferson.

TO TEACH GERMAN IN CAPITAL

Washington, Feb. 18.—The study of German, barred from the schools of Washington in 1917 through action of Congress, will be resumed next year. The Board of Education yesterday announced it had approved text books to be used.

IN MEMORIAM

In sad but loving remembrance of my dear mother, who died two years ago today, February 19, 1919.

Silently sleeping in the lonely graveyard,
Where many flowers wave,
Lies the one I loved so dearly,
In her silent cold, cold grave.
Although she's gone, she's not forgotten,
Nor shall her memory fade,
Sweet thoughts will linger always,
Around the spot where she is laid.

By her loving daughter,

Red-Blooded Men and Women Are Seldom Sick

Watch Your Blood Condition

If You Look Pale, Feel Gloomy and Run-Down, Take Pepto-Mangan and Build up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, improverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name, "Gude's Pepto-Mangan," should be on the package.

COLDS

"Pape's Cold Compound" Breaks any Cold in Few Hours

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, apearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You too, want lots of long strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, fading hair that youthfull brightness dull, fading hair that youthful brightness and abundant thickness—All druggists!

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenomel .Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

IDLE HOUR

Some of the most beautiful backgrounds and setting ever conceived for a photoplay production make "Isobel; or, The Trail's End," adapted from a famous novel by James Oliver Curwood, and directed by Edwin Carewe, one of the most talked of productions of recent months. This film drama, which comes to the Idle Hour Theatre Saturday, was taken in the Far North—in the land of perpetual ice and snow.

The exterior scenes are splendid examples of artistry by the modern cinematographer. Those in this production were chosen with an eye to charm and beauty, and the results will please the most hardened critic.

New effects in interior lighting make the interior scenes as dainty and tasteful as the exteriors. Reviewers of this masterpiece have declared its photography and lighting effects to be unsurpassed in the history of the film industry.

PITY THE POOR POTATO, IT'S A TRADING STAMP

Mt. Carmel, Pa., Feb. 18.—The inventor of trading stamps, cigar coupons and other trade stimulants is being overshadowed by several grocers here who are giving away a bushel of potatoes free with every sizeable purchase. Heres' the reason.

Tubers which cost $4.50 a bushel during the war are now a drug on the market at fifty cents a bushel, and produce dealers anxious to get rid of them are giving them away in order to increase sales in other lines.

A peculiar case came up recently One woman bought a large order of groceries and was given the customary bushel of potatoes. Later she canceled her order, but refused to return the "trading stamps." But the grocer didn't mind, his comment being: "Think of the storage space we saved."

Martens Arrives; Sees Hope in G. O. P.

Riga, Feb. 18.—Ludwig Martens, Soviet representative, who arrived in Riga by way of Libau with forty-three Bolshevists from America, declared in an interview that the Republican party in his opinion would change immediately the American policy toward Russia. He believed that immediately after the inauguration the American business world would seek the markets of Russia and would insist upon the recognition of the Soviet regime.

Martens declared it was wrong to believe that Americans were disinteresting themselves in European problems; on the contrary, they were just beginning to concern themselves in its affairs and to dip into world politics.

TOLEDO MAIL ROBBERS MAKE CLEAN GETAWAY

Toledo, Ohio, Feb. 18.—Police and postoffice inspectors at work on the includup of three clerks at the main postoffice early yesterday morning and the theft of several sacks of registered and unregistered mail admitted last night that the robbers made a clean getaway.

The loot, whose value has not been determined, but which has estimated at from $300,000 to $400,000, according to Inspector Diskin, consisted of two sacks of registered mail from Cleveland, one from Washington, one from Detroit, two made up between Detroit and Toledo and three from Detroit.

According to the story told to the postoffice inspector by Joseph Hughes, Paul Weinrich and A. H. Murray, the three clerks who were forced to lie on their faces while the robbers transferred the mail from the postoffice truck to the bandit machine, there were five men, one a negro, in the party.

KILLS GIRL AFTER TRIAL OVER A DOG

Norfolk, Va., Feb. 18.—Miss Frances Holland was shot and fatally wounded as she emerged from police court yesterday morning. She died half an hour later. Thomas Toyon, a local merchant, who shot her, turned the gun on himself inflicting wounds that may cause his death. He is in a precarious condition.

A police court trial over a dog is believed to have been the cause of the shooting. Many persons witnessed the tragedy and sought cover as the shots rang out.

Miss Holland was arrested on a charge preferred by Toyon of stealing a bulldog from him. After a hearing in police court she was dismissed. As she left the courtroom Toyon awaited her on the sidewalk and opened fire as he walked toward her.

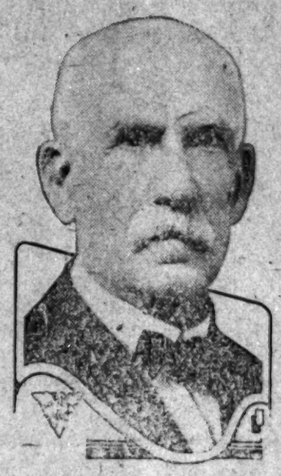
PROMINENT NEW YORK MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y., Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.



JOHN F. HYATT
227 Pearl Street, Albany, N. Y.

"I am now seventy-two years old and am just getting rid of fifteen-year case of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac, recently. Mr. Hyatt was chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles hurt something awful and my joints were stiff and achey. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, why the pains nearly killed me.

"My appetite was gone and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that it looked like I might as well quit trying to ever get well.

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a fellow an appetite. Well, sir, I was the most surprised I ever was in my life when the rheumatic pains began to ease up. I took seven bottles in all and, it's a fact, I didn't have an ache about me, was eating fine and simply felt like I had been made over again.

"I have been in the best of health ever since, with only a slight twinge of rheumatism at intervals. I do not need my cane now, but as I had been unable to walk without it for several years, I got into the habit of carrying it and so still take it along. I am enjoying life and health once more and can conscientiously recommend Tanlac as the greatest medicine I have ever run across in all my experience."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and good druggists everywhere.

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
